SUPERINTENDENT'S REPORT

Dr. Ring thanked the Board of Education and community for the opportunity to recognize and honor our outstanding students and staff.

Dr. Ring read a congratulatory speech for the Director of Health, Physical Education, Athletics and Intramurals, Mrs. Amy Agnesini, in recognition of her retirement and

service to our students and community during her tenure at the Rocky Point Union Free School District.

Dr. Ring asked Mrs. Agnesini to remain at the podium to present the following awards:

Mrs. Amy Agnesini recognized middle school students Jason Staudte and Clare Levy, who were given the Suffolk Zone of New York State AHPERD award for their outstanding leadership in Physical Education.

MS. SUSANN CROSSAN, PRINCIPAL, ROCKY POINT HIGH SCHOOL

- Ms. Crossan recognized specific accomplishments achieved by several of our students. She invited 2nd Lieutenant Donald Conste and Mr. Wilfred Massidas, from Hofstra University to the podium to present special awards to two of our students who achieved very prestigious honors. Christofer Casswell will be joining the ROTC program at Providence College next fall where he plans to major in political science. Joseph will be joining the ROTC program at Norwich University and plans on studying construction management. They will participate in ROTC leadership classes and a physical training program while taking a full traditional course load. After four years of study, these two young men will graduate and become 2nd lieutenant officers in the United States Army and commit to serve through either active duty, the Reserves or in the National Guard. The application processes for an ROTC scholarship is difficult and includes a survey, interview, physical fitness test and examination by the ROTC Board. Earning this scholarship is difficult and very rare. Being awarded this honor is a true testament to Christofer's and Joseph's character, dedication and commitment.
- Ms. Crossan advised that students at the high school have been busy preparing for their end of year exams, events and activities. During the past month we had 84 students inducted into the Rocky Point Chapter of the National Honor Society. Over 200 community members were delighted to attend our annual Senior Citizen Prom sponsored by our Student Council and Be a Nicer Neighbor Club and our fine arts students participated in the pocket theater play, "The Curious Savage."
- Ms. Crossan recognized Matthew Brewer as the Salutatorian of the Class of 2016. Matthew is an exceptional student who is bright, articulate and ambitious. He flourishes in an intellectually demanding and competitive setting and has taken many advanced placement and honors courses throughout his years at Rocky Point. With a sharp mind, boundless energy and a love of learning, Matthew is ranked 2nd in a class of 268 with a GPA of 104.19. Matthew has been a positive contributor to the North Shore Youth Council working in a variety of leadership roles. He gives of himself unselfishly and genuinely enjoys assisting others. Matthew also uses his academic strengths to help classmates, as he is often specifically requested as a peer tutor. Matthew is a member of our National Honor Society, Math Honor Society, Math team, Mock Trial team, Science Club, and is the Vice President of the Senior Class.
- Ms. Crossan recognized James Gohn as the Valedictorian of the Class of 2016. James is by all measures an extremely bright young man of unusual character, morals and promise. He has devoted himself to being the best student he can be

and the result is brilliant. James is ranked 1st in a class of 268 with a GPA of 105.73. James has taken the most rigorous courses available to him and continues to maintain a most challenging course selection as a senior. His focus, drive and determination permeates everything he encounters. Mrs. Crossan was proud to share that James earned a perfect score of 800 on both SAT Subject exams in Chemistry and Physics. James is a member of our National Honor Society, Mathematics Honor Society, where he too assists other members of our student body as a peer tutor. He participated as a competitive member of our Soccer and Lacrosse teams and was selected as team captain for Varsity Soccer this past year.

- Ms. Crossan invited Mr. Andrew Levine, English Chairperson, to the podium to help in honoring Pooja Deshpande and Maggie Dowd for being nationally recognized by the National Council of Teachers of English. Each November, the NCTE invites high schools across the nation, to nominate two 11th grade student writers to enter two writing selections for consideration in the NCTE Achievement Awards in Writing. The NCTE Achievement Awards in Writing is a school-based writing program that was established in 1957 to encourage high school students in their writing and to publically recognize some of the best student writers in the nation. The number of eligible student nominees per school is set by NCTE and determined by current total enrollment in grades 9 – 12. This year, in November 2015, Mrs. Christine Blume, sponsored two juniors, Pooja Deshpande and Maggie Dowd, to represent RPHS in this honored and prestigious national writing contest. Over the next three months, Mrs. Blume worked very closely with Pooja and Maggie, helping them work through the writing process of drafting, editing, revising, and perfecting two writing samples for entry: one BEST piece that the student considers to be her best work regardless of the number of revisions, and one THEMED piece on a topic developed by the Achievement Awards Advisory Committee. In February 2016, Pooja and Maggie, submitted their writing, which you can find in full text on the school website. Mrs. Crossan thanked Mrs. Blume for her dedication and commitment to her students. She goes above and beyond to be sure they are acquiring necessary skills to be prepared for English requirements at the post-secondary level. This year, a total of 533 juniors across the country were nominated by their schools to participate in the 2016 program with 264 chosen as outstanding writers. All compositions were evaluated by national judges on content, purpose, audience, tone, word choice, organization, development, and style. Judges also looked for writing that demonstrated effective and imaginative use of language to inform and move an audience. The fact that these two young women were selected as winners is a testament to their exceptional writing ability. Ms. Crossan congratulated Pooja and Maggie for being nationally recognized for their hard work, talent, and success in their writing.
- Ms. Crossan asked Mrs. Nancy Hunter, our teacher of science research, to assist in recognizing five students who received special recognition for their work at the Long Island Science Congress in April. Kyle Markland's science project and presentation was recognized as one of the top exhibits as he was one of 20 students from Long Island selected to present his project at the New York State Science Congress at SUNY Buffalo this June. His research focuses on "A Cost

Effective Method for Improving GPS Positional Accuracy in Self-Driving Cars.” This is the first time we have had a Rocky Point student selected to attend this state level in this competition. This honor is a true testament to Kyle’s drive, dedication, and intelligence. Pooja Deshpande and Paul Leheste received Achievement Awards and recognition for their outstanding work. Ms. Crossan also congratulated Jade Pinkenburg and Bryant Liu as recipients of these Achievements Awards. However, they were unable to attend the Board of Education meeting. Pooja tested “The Biological Effects of Ionizing Radiation on Plant Seeds” and Paul’s project was titled, “A New Memory Model: Classic Conditioning of Microglia”. Paul and Kyle received Highest Honors for their projects by the Science Congress. Kyle was awarded 2nd place for the “Most Distinguished Categorical Project” in Earth, Space, and Energy and received \$300.00 in award money. Paul received the “Science Teachers Association of NY State – Suffolk Division Award” and received a \$50.00 award. Ms. Crossan announce that she is very proud of these students and their accomplishments.

Group rates (for groups up to 4 students)
regular hourly rate for the first student plus half the hourly rate for each additional student

The district will not be billed for teachers' travel times or time involved in picking up work. For test proctoring, we both bill the school and pay the teacher one extra hour for picking up and dropping off the exam. If a teacher is asked to attend a CSE meeting or provide on-site consultation, we will bill for that teacher's time. The quoted rates assume that the teacher will be provided with materials and curriculum by the school. Minimum billed time is one hour. If the student is a "no show" or if there is a cancellation less than 24 hours before the appointment, the charge will be for one hour.

Long Island School Nutrition Directors Cooperative Bid ANNUAL MEMBER REQUIREMENTS

for participation in the Long Island School Nutrition Cooperative Bid. 2016-17 School Year

- ☞ This agreement is to be signed annually by all participating school districts and submitted with BOE resolution on or before September 1.
- ☞ Every District must be a member in good standing of the Long Island School Nutrition Directors Association and have a School Lunch Manager or Director operating their program. Membership is \$150.00 per year for the LISNDA.
- ☞ Districts participating in the bidding process must remit \$500.00 (350.00 for website, \$150.00 for cooperative advertising) by September 1, to the Cooperative Treasurer, for the bidding program that is used to organize and analyze our bids. This includes attorney fees and advertising fees. (Please remit when invoice is received, do not send prior to July 1, 2016)
- ☞ A member from each district must work on at least one bid, to assist the cooperative in meeting its goal of competitive and fair bidding. This requires that members step up and take active roles in organizing, preparing, distributing and analyzing bids, as is necessary.
- ☞ There are several **MANDATORY** meetings each year, which must be attended by a representative of the school district. If a district is not represented at these meetings, without prior acceptable notification to the Bid Chair, they will be unable to participate in the bid cycle for that period.
- ☞ Districts must provide yearly, by September 1, a Board approved Resolution, granting the district permission to participate in the cooperative and authority for the Coop to recommend bid awards to the Board. This resolution is passed at the reorganization meeting in school districts, however, **you** are responsible for getting it approved and submitted by September 1 of each year, to the Cooperative Secretary. If the resolution is not received, the district will not have access to bid prices for one year.
- ☞ Districts must provide the names and addresses of the Food Service Director and the Assistant Superintendent of their district. In addition, they must have email or the ability to access email, as much correspondence in the coop is done via email. If district's email or address changes, the district must notify the Cooperative Coordinator and Secretary.

That in consideration for the terms and conditions contained herein, the District will provide pupil transportation services, as deemed appropriate by the District and pursuant to law, for students residing within the Owner's community boundaries that are within the District for the school year 2016-17;
2. That the parties acknowledge and recognize that during the aforementioned school year, District and Transportation Contractor buses will be required to travel on private roads owned and/or maintained by the Owner, or which are located within the Owner's community boundaries, in order to pick up and drop off resident students. 3. That the Owner acknowledges and agrees that such buses must be given unobstructed access to the aforementioned Owner community roads, which in some cases may be narrow and/or a single lane. The Owner, therefore, hereby guarantees such unobstructed access and that residents will be instructed, and such instruction shall be enforced by the Owner, to the effect that buses will not be required by oncoming traffic on such roads to be operated in reverse for any reason; and that such oncoming traffic will be directed by the Owner to yield the right of way to oncoming buses;
4. That the Owner shall have the responsibility for maintaining and/or repairing such roads and/or to remove any such obstructions to the travel of the aforementioned buses including but not limited to snow and ice removal;
5. That the Owner hereby indemnifies, holds harmless and will defend the District and the District designated transportation company from any claim of any kind including but not limited to claims of personal injuries and property damages proximately caused by the condition of the aforementioned roadways and appurtenances, and/or by obstructions or other conditions on or about the land existing and within the Owner's community, upon Owner owned property. In addition to the Owner's duty to defend the District, the Owner also agrees to pay any and all reasonable attorney's fees and court costs incurred by the District in connection with any such claims;
6. The Owner shall maintain general liability, premises liability, and automobile liability insurance coverage (and any other insurance coverage reasonably necessary to protect the

7. That the Owner affirms that it is the owner and/or at the very least responsible for maintaining and repairing the roads within the Owner's community boundaries;
8. The Owner affirms that this document was executed by its representative having full authority from the Owner's Board of Directors to bind the Owner to this agreement, its terms and conditions;
9. That the representative of the Owner who has executed this agreement affirms that he/she has read same, understood it and executed the document knowingly and voluntarily with the advice of counsel;
10. Nothing contained herein shall be construed as an agreement to provide transportation to students who are not residents of the District and under no circumstances shall the District be required to provide transportation to non-residents;
11. Nothing contained herein shall create a right to the transportation referred herein. Furthermore, this agreement and such transportation may be cancelled by the District for any reason upon twenty-four (24) hours notice;
12. This agreement and the transportation that is the subject thereof may be renewed upon written request of the Owner submitted to the District's office no later than April 1st of each school year. SUBJECT: RESERVE FUNDS

Reserve funds (essentially a legally authorized savings account designated for a specific purpose) are an important component in the District's financial planning for future projects, acquisitions and other lawful purposes. To this end, the District may establish and maintain reserve funds in accordance with New York State Laws, Commissioner's Regulations and the rules and/or opinions issued by the Office of the New York State Comptroller, as applicable. The District shall comply with the reporting requirements of Article 3 of the General Municipal Law of the State of New York and the Governmental Accounting Standards Board (GASB) issued GASB Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

Any and all District reserve funds shall be properly established and maintained to promote the goals of creating an open, transparent and accountable use of public funds. The District may engage independent experts and professionals, including but not limited to, auditors, accountants and other financial and legal counsel, as necessary, to monitor all reserve fund activity and prepare any and all reports that the Board may require.

Periodic Review and Annual Report

The Board of Education will periodically review all reserve funds. The District will also prepare and submit an annual report of all reserve funds to the Board of Education. The annual report shall include the following information for each reserve fund:

- a) The type and description of the reserve fund;
- b) The interest earned by the reserve fund;
- c) The total amount of each withdrawal from the reserve fund;
- d) The total cash balance of each reserve

The Board shall utilize the information in the annual report to make necessary decisions to adequately maintain and manage the District's reserve fund balances while mindful of its role and responsibility as a fiduciary of public funds.

The Superintendent shall develop any necessary and/or appropriate regulations to implement the terms of the Board's policy.

SUBJECT: STUDENT GRADING INFORMATION SYSTEMS

Student performance is assessed in many ways, but primarily through assigned grades. The District will help ensure the integrity of student grades by controlling access to its grading information system and by approving modifications to grades where warranted.

The System

The District utilizes an electronic software system that contains a record of student performance, credit accumulation, report cards, and a transcript. More specifically, the system includes class rosters where teachers enter student grades and track their students' academic progress. The system is used to generate student report cards and transcripts, and to maintain all student grading records.

To protect student data in the system, the District will first establish who has the authority to grant, change, or terminate user access. The personnel with this authority will be very limited. Further, if the grading system has a feature that allows one user or account to assume the identity of another user or account, the District will restrict or disable that feature. These types of features could allow a user greater access than intended, including inheriting permissions of another user that are greater than the user's.

System Access

The District will create categories of system users and assign appropriate system permissions to each. Users' permissions will be compatible with and restricted by their roles and job duties; their access will be as restrictive as possible. Typically, teachers will have the ability to enter, update, and modify grades each marking period before a pre-determined lockout date. The lockout function will be consistently used throughout the school year to help prevent grade modifications without authorization after a marking period closes. Through increased system permissions, other individuals—such as non-classroom teachers, guidance counselors, information technology (IT) staff, clerical staff, and support staff—will be able to view or modify grades.

The District will work with its IT, human resources, and other appropriate departments to determine how best to timely establish access rights, add users, deactivate or modify user accounts, and monitor user accounts. The District will develop further IT controls to protect against improper access, if needed.

Grade Changes

Once the lockout period begins, only authorized users identified by the District may change grades, and only under certain circumstances. The system will recognize when grades change, and a log of modified grades may then be viewed and printed. Any grade mismatches will be reconciled before the next marking period closes or before the end of the school year, whichever is earlier.

SUBJECT: STUDENT GRADING INFORMATION SYSTEMS (Cont'd.)

The staff member seeking to change a grade will submit a grade-change form signed by the requesting party, the teacher who assigned the original grade, and the appropriate administrator. This form will be filed and maintained for six years. The personnel seeking the modification should specify one or more reasonable grounds for the grade change on the form. There must be reasonable grounds to alter a grade. The reasons may include:

- a) Data entry error;
- b) Computational error;
- c) A modification based on work submitted or considered after the lockout date;
- d) Changing an incomplete grade to a regular grade because a student completed course requirements;
- e) Credit recovery coursework;
- f) Administrative change; or
- g) Other acceptable justifications.

Audit Log and Monitoring

The District's grading system will have an audit log or grade-change report function that records certain system activities, including modifications to grades. The District will periodically monitor audit logs or grade-change reports to confirm the integrity of the system, to ensure proper access by personnel, and to confirm that modifications within the system are appropriate and completed in a timely manner. The District will also periodically monitor user accounts and rights so that the permissions granted are proper and the minimum necessary for each user or user group. To the extent feasible, the District will make sure that user accounts are current and updated regularly. The District will be able to print user information, logs, reports, and other documents from the student grading information system, as needed.

Student Transcripts

Student transcripts may show all credit-bearing classes; final grades; test scores; grade-point average; class rank; diploma type; SAT, ACT, and other standardized test scores; and graduation date. The same controls, protections, and monitoring applicable to student grading information apply equally to student transcripts.

SUBJECT: NON-RESIDENT STUDENTS

Non-resident families who wish to enroll children in the School System shall submit a request in writing to the superintendent, who shall determine whether or not the student(s) will be admitted. Requests must be made in advance before beginning the registration process.

The following general conditions for acceptance will be met when considering admittance:

- a) There is a sufficient space to accommodate the non-resident student;
- b) No increase in the size of the faculty or staff will be necessary;
- c) Admittance will not result in the establishment of a new section;
- d) Parents/guardians must work out transfer conditions with the home school district or provide their own transportation;
- e) All rules and regulations in effect for district students will be applicable to non-district students;
- f) Tuition may be charged to families of non-resident students in accordance with formulas approved by the State Education Department. Non-resident families must provide their own transportation;
- g) The students of families who have signed a contract to buy or build a residence in the school district may be enrolled for the semester in which they expect to become residents. Non-resident tuition may be charged, payable in advance, with an adjustment to be made when the family becomes a resident in the district.

Final decisions regarding the acceptance of non-resident students rest with the Superintendent with the consent of the Board of Education.

Tuition-Paying StudentsForeign Students

Students from other nations who are living with district residents may be enrolled at the discretion of the district. In accordance with federal law, a foreign student who attends a public secondary school under an F-1 Visa must reimburse the school district for the full unsubsidized per capita cost of providing education at the school during the student's attendance. The administration is authorized to file with the U.S. Department of Homeland Security the forms necessary for the monitoring of non-immigrant foreign students during the course of their stay in the district in accordance with the Student and Exchange Visitor Information System (SEVIS). (Requests must be made six months in advance prior to the semester in which the student will be enrolled.)

(Continued)

Students

SUBJECT: NON-RESIDENT STUDENTS (Cont'd.)**Tuition Fees**

Where applicable, tuition fees are computed according to a formula established by the Commissioner of Education.

Tuition of individual non-resident students shall be computed in advance at the time of enrollment. Methods of payment (e.g., monthly) may be arranged in the district office and approved by the Superintendent. Non-resident status is contingent upon timely payment of tuition fees as established by the Board of Education.

Non-Tuition StudentsFormer Residents

Parents moving from the district after the last day of the first semester of the school year, but wishing their children to continue in school until the end of that school year, must request in writing to the Superintendent, continuation to remain in school to the end of the school year. Tuition from the date of departure may be required.

Homeless Children

The parent/person in parental relation to a homeless child; or the homeless child, together with the homeless liaison designated by the school district in case of an unaccompanied youth; or the direction of a residential program for runaway and homeless youth established pursuant to Article 19-H of the Executive Law, in consultation with the homeless child, where such homeless child is living in such program, may designate either the school district of current location, the school district of origin, or a school district participating in a regional placement plan as the district the homeless child shall attend.

Note: Refer also to Policy #7131 -- Education of Homeless Children and Youth

Children of Activated Reserve Military Personnel

Students temporarily residing outside the boundaries of the district, due to relocation necessitated by the call to active military duty of the student's parent/guardian or person in parental relation, will be allowed to attend the public school that they attended prior to the ~~relations~~relocation. However, the district is not required to provide transportation between a temporary residence located outside the district and the school the child attends.

SUBJECT: NON-RESIDENT STUDENTS (Cont'd.)Emancipated Minors

A determination of whether a student is to be designated as an emancipated minor in the Rocky Point Union Free School District will be based on evidence that the student is no longer under custody, control and support of his/her parents/guardians or persons in parental relation. To establish emancipation, a minor may submit documentation of his/her means of support, proof of residency and an explanation of the circumstances surrounding the student's emancipation, including a description of the student's relationship with his/her parents/guardians or persons in parental relation.

Foreign Exchange Students

Only foreign students participating in ~~a-recognized~~the Rotary International Student Exchange Program in which the school district participates under a J-1 Visa may attend District schools without payment of tuition. The administration is authorized to file with the U.S. Department of Homeland Security the forms necessary for the monitoring of non-immigrant foreign students during the course of their stay in the District in accordance with the Student and Exchange Visitor Information System (SEVIS). Requests must be made six months in advance prior to the ~~semester-school year~~ in which the student will be enrolled and students must begin in September of the school year. Foreign exchange students will not be permitted to start after the school year is underway. :-

SUBJECT: ADMINISTRATION OF MEDICATION

Under certain circumstances, when it is necessary for a student to take medication (prescription and non-prescription) during school hours, the school's registered professional nurse may administer the medication if the parent or person in parental relation submits a written request accompanied by a written request from a physician indicating the frequency and dosage of prescribed medication. The parent or person in parental relation must assume responsibility to have the medication delivered directly to the Health Office in a properly labeled original container.

All medication orders (prescription and non-prescription) must be reviewed annually or when there is a change in dosage.

Procedures for receipt, storage and disposal of medications as well as procedures for taking medications off school grounds or after school hours while participating in a school-sponsored activity will be in accordance with State Education Department Guidelines.

If a medication regimen is changed or discontinued, or there is medication left at the end of the school year, the medication must be returned to the parent or be properly disposed. Parents shall be notified of these options including instructions for picking up medications should that be their choice.

Emergency Medication

The administration of emergency medication (injectable, including "epi-pens," and/or oral) to a student for extreme hypersensitivity may be performed by a school staff member responding to an emergency situation when such use has been prescribed by a licensed prescriber. However, a registered professional nurse/nurse practitioner/physician/physician's assistant *must* have trained the staff member to administer the emergency medication for that particular emergency situation (e.g., "epi-pen") and given him/her approval to assist the student in the event of an emergency anaphylactic reaction. Such a response would fall under the Good Samaritan exemption for rendering emergency care during a life threatening situation.

Use of Inhalers in Schools

In accordance with law, the School District must permit students who have been diagnosed by a physician or other duly authorized health care provider as having a severe asthmatic condition to carry and use a prescribed inhaler during the school day. Prior to permitting such use, the School Health Office must receive the written permission of the prescribing physician or other duly authorized health care provider, and parental consent, based on such physician's or provider's determination that the student is subject to sudden asthmatic attacks severe enough to debilitate that student. In addition, upon the written request of a parent or person in parental relation, the Board shall allow such pupils to maintain an extra inhaler in the care and custody of the school's registered professional nurse.

A record of such physician or health care provider/parental permission shall be maintained in the School Health Office.

(Continued)

Students

SUBJECT: ADMINISTRATION OF MEDICATION (Cont'd.)

Health Office personnel will maintain regular parental contact in order to monitor the effectiveness of such **self-medicationindependent** procedures and to clarify parental responsibility as to the daily monitoring of their child to ensure that the medication is being utilized in accordance with the physician's or provider's instructions. Additionally, the student will be required to report to the Health Office on a periodic basis as determined by Health Office personnel so as to maintain an ongoing evaluation of the student's management of such **self-medicationindependent** techniques, and to work cooperatively with the parents and the student regarding such self-care management.

Students who **self-administer their own** medication without proper authorization, under any circumstances, will be referred for counseling by school nursing personnel. Additionally, school administration and parents will be notified of such unauthorized use of medication by the student, and school administration may also be involved in determining the proper resolution of such student behavior.

Alcohol-Based Hand Sanitizers

Alcohol-based hand sanitizers are considered over-the-counter (OTC) drugs by the United States Food and Drug Administration. However, due the fact that careful hand-washing and sanitation is the most effective way to control the recent spread of Methicillin-Resistant Staphylococcus Aureus (MRSA) in schools, the New York State Education Department (NYSED) has allowed a medical exemption to the requirements for OTC preparations in the school setting to permit the use of alcohol-based hand sanitizers.

The School Medical Director may approve and permit the use of alcohol-based hand sanitizers in the District's schools without a physician's order. Parents may provide written notification to the school in the event that they do not wish to have their child use this product.

It should be noted that hand sanitizers which contain alcohol are flammable and shall not be placed in hallways or near an open flame or source of sparks.

Blood Glucose Monitoring

Children with diabetes have the right to care for their diabetes at school in accordance with the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973 which provide protection against discrimination for children with disabilities, including diabetes.

Accordingly, blood glucose monitoring must be allowed in the school setting at any time, within any place, and by anyone necessitating such testing. Children must receive assistance if needed with the procedure.

The school nurse shall oversee any arrangements that need to be made for testing and a system to report the results to the nurse as needed. Proper arrangements should be made for the disposal of sharps.

Task 1. School District Information - Tasks 1.1, 1.2

Page Last Modified: 04/18/2016

Task 1) Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1.1) Assurances

Please check all of the boxes below

- Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.
- Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.2) Submission Status

Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?

First-time submission under Education Law §3012-d

Task 2. Original Student Performance - Required (Teachers) - Original Tasks 2.1 (Assurances), 2.2 (4-8 ELA/Math)

Page Last Modified: 05/12/2016

Task 2) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

- Assure that the growth score provided by NYSED will be used, where required.
- Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 - 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 - 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Please check the boxes below.

- Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- Assure that all growth targets are approved by the superintendent or another trained administrator.
- Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Annual Professional Performance Review - Education Law §3012-d**Task 2. Transition Student Performance - Required (Teachers) - Task 2 Alternate SLOs**

Page Last Modified: 06/06/2016

Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For guidance on the use of alternate SLOs during the transition period, see: <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.2-2.10) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Using the table below, please first select a measure and assessment(s) that will be used for the alternate SLO during the 2016-17 through 2018-19 school years, then indicate the applicable courses.

Task 3) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

~~NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.~~

Task 4. Teacher Observation Category - Tasks 4.1-4.6

Page Last Modified: 05/12/2016

For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching (2011 Revised Edition)	(No Response)

4.2) Assurances

Please check all of the boxes below.

- Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.
- Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable sub-components will be weighted equally and averaged.

4.4) Calculating Observation Ratings

Assurances

Please check the boxes below.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please check the box below in the event that your district/BOCES is granted an annual Independent Evaluator Hardship Waiver by the Department.

- Assure that if the district is granted an annual Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator.

The Rocky Point Union Free School District will ensure that all lead evaluators/evaluators are properly trained and certified to complete an individual's performance review.

Evaluator training will be conducted by certified District/Eastern Suffolk BOCES Network Team personnel. Evaluator training will occur regionally and will replicate the recommended SED model certification process. Turnkey training will also be scheduled throughout the year. The Rocky Point Union Free School District will work with either the District or Eastern Suffolk BOCES Network Team to ensure that lead evaluators maintain inter-rater reliability over time and that they are re-certified on an annual basis.

Task 7. Original Student Performance - Required (Principals) - Original Task 7.1 (State-Provided Growth Measures)

Page Last Modified: 05/12/2016

Task 7) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have an SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any grade-level/course that ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for the back-up SLO beginning in the 2019-20 school year.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: assessment(s) used

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) assessment(s)
Grades K-6 Building	K	6	NYS Grade 4 ELA, NYS Grade 5 ELA, NYS Grade 6 ELA, NYS Grade 4 Math, NYS Grade 5 Math, NYS Grade 6 Math
Grades 7-12 Building	7	12	All Regents assessments which are used to generate the principal's State-provided growth score

Using the table below, please select the assessment(s) that will be used for the back-up SLOs beginning in the 2019-20 school year for each grade configuration listed. The SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where

- Assure that the growth score provided by NYSED will be used, where required.
- Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.
- Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

7.2) Student Learning Objectives (Original)

For guidance on SLOs, see NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the grades/courses covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGP results.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/course(s) that have the largest number of students using school-wide student results from one of the following assessment options:
- State-approved 3rd party assessment; or
- State-approved district, regionally, or BOCES-developed course-specific assessment.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) measure	(4) assessment(s)
Grades K-2 Building	K	2	District- or BOCES-wide results	Common Core English, Common Core Algebra, Living Environment, Global 2, US History
Grades 11-12 Building	11	12	Principal-specific results	Common Core English, US History

Using the table below, please select the measure and assessment(s) that will be used for the SLOs for each grade configuration listed. During the 2016-17 through 2018-19 school years, SLOs that use

7.4) Principals with More Than One Growth Measure (Original)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

7.5) Assurances

Please check all of the boxes below.

- Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- Assure that all growth targets are approved by the superintendent or another trained administrator.
- Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Page Last Modified: 06/06/2016

Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For guidance on the use of alternate SLOs during the transition period, see: <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) measure	(4) assessment(s)
Grades K-2 Building	K	2	District- or BOCES-wide results	Common Core English, Common Core Algebra, Living Environment, Global 2, US History
Grades 11-12 Building	11	12	Principal-specific results	Common Core English, US History

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

All observable domains/sub-components will be weighted equally and averaged.

9.4) Calculating School Visit Ratings

Assurances

Please check the boxes below.

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please check the box below in the event that your district/BOCES is granted an annual Independent Evaluator Hardship Waiver by the Department.

- Assure that if the district is granted an annual Independent Evaluator Hardship Waiver by the Department, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or his/her designee.

The amended plan was adopted at a public meeting, after consultations with and full participation by the district committee convened for the purpose of the biennial review as required by CR 100.1(b), (d), and (f), and after seeking the endorsement of the following representatives of the committee:

- the superintendent of schools (or BOCES district superintendent);

Dear Principal,

Enclosed is your final Take Charge of Education® check. Please cash this check and use it for whatever your school needs most. Turn it into books, field trips, art supplies, new technology, or anything else your school dreams up.

We are thankful for the parents, teachers and other supporters in your community that have made it possible for your school to benefit from this program over the last 19 years. Every time they shopped with their REDcard®, Target® donated 1%* of purchases at Target and Target.com to the eligible K-12 school they designated.

As we continue to look for the most impactful ways to support the causes that are most important to our guests, we previously shared with you that we've decided to end the Take Charge of Education program as of May 14, 2016. This check includes funds remaining in your school's account as of May 14, 2016.

Support of education is still important to us, and will continue to be a part of our giving portfolio. While this is a change in how we give, we remain committed to giving five percent of our profit back to communities, and will continue to design giving programs that make a meaningful difference in the communities where we do business.

I hope you'll stay tuned to see the new partnerships and programs we'll be announcing, including those that benefit schools.

Best wishes,

As you know, Target has ended its Take Charge of Education® program as of May 14, 2016. Because of our commitment to schools and communities, we want to help ease the transition for you and ensure your school has the resources it needs to start the 2016-17 school year off right. Therefore, we are pleased to present you with this additional, unrestricted bonus check. Please cash this check and use it for whatever your school needs most. Schools will receive their final Take Charge of Education® check for funds remaining in each school's account as of May 14, 2016 in the coming weeks.

We are thankful for the parents, teachers and other supporters in your community that have made it possible for your school to benefit from this program over the last 19 years. Every time they shopped with their REDcard®, Target® donated 1% of purchases at Target and Target.com to the eligible K-12 school they designated. Support of education is still important to us, and will continue to be a part of our giving portfolio.

While this is a change to how we give, community giving has always been, and continues to be, a cornerstone of our company. Since 1946, Target has given five percent of our profit back to the communities in which our guests and team members live and work.

I hope you'll stay tuned to see the new partnerships and programs we'll be announcing, including those that benefit schools.

Best wishes,

Laysha Ward

Dear Principal,

Enclosed is your final Take Charge of Education® check. Please cash this check and use it for whatever your school needs most. Turn it into books, field trips, art supplies, new technology, or anything else your school dreams up.

We are thankful for the parents, teachers and other supporters in your community that have made it possible for your school to benefit from this program over the last 19 years. Every time they shopped with their REDcard®, Target® donated 1%* of purchases at Target and Target.com to the eligible K-12 school they designated.

As we continue to look for the most impactful ways to support the causes that are most important to our guests, we previously shared with you that we've decided to end the Take Charge of Education program as of May 14, 2016. This check includes funds remaining in your school's account as of May 14, 2016.

Support of education is still important to us, and will continue to be a part of our giving portfolio. While this is a change in how we give, we remain committed to giving five percent of our profit back to communities, and will continue to design giving programs that make a meaningful difference in the communities where we do business.

I hope you'll stay tuned to see the new partnerships and programs we'll be announcing, including those that benefit schools.
