SUPERINTENDENT'S REPORT

Dr. Ring announced that due to an oversight, the high school robotics team, Quantum Chaos, was inadvertently omitted from last month's recognition meeting and would be recognized at this evening's meeting. Dr. Ring also reminded meeting attendees that the annual Budget Hearing will be held at 7:00 p.m. on May 6, 2014 in the high school auditorium. This hearing is the last in a series of workshops held in recent months.

Dr. Ring invited Mr. DeBenedetto to the podium to recognize the members of the Quantum Chaos Robotics Team and their advisors, Mrs. Burns and Dr. Pinkenburg.

Mr. DeBenedetto advised that at a competition held at Syosset High School, Quantum Chaos placed second for the "Inspire" award, an award presented to the team that truly embodies the challenge of the FTC program. The team advanced to the NYC/Long Island Championship Tournament. Out of thirty-eight top New York City and Long Island teams, Quantum Chaos finished fifteenth in the robot competition. Mr. DeBenedetto invited team members Barbara Feng, Nick Hackett, Ian Holland, Evan Komorowski, Evan Oatis, Nick Roalef and Brendan Yilmaz, together with advisors Mrs. Burns and Dr. Pinkenburg, to the podium in acknowledgement of their achievements.

Dr. Ring offered his congratulations to the students and their most supportive parents. Mr. Nofi opened the floor to meeting attendees for questions and/or comments pertaining to meeting agenda items.

- In reference to the adoption of the Revised and Updated Next STEP Five Year Strategic Plan, Mr. Sean Callahan asked if the district consulted with teachers and parents as was done previously and if there were substantial changes made to the plan. Mr. Nofi advised that committee members and teachers were consulted and there were no substantial changes since the last update in June 2013. Dr. Ring advised that the Action Plan identifies each of the participants. Dr. Ring also advised that there was a lower level of participation than in previous years. Dr. Ring asked Dr. DeLuca to provide an overview of the changes and Dr. DeLuca complied. In response to Mr. Callahan's inquiry concerning any increase in annual costs for the revisions/updates, Dr. Ring remarked that each item of the plan has identified funding and the sources of said funding. Mr. Nofi opened the floor to questions and/or comments from meeting attendees.

- Mrs. McCauley requested information pertaining to the district's decision not to lockdown the schools during a robbery of a local bank on April 2nd. Dr. Ring explained that a member of the district's security team was on the scene and was advised by the police that the perpetrator had fled the scene and the police were not searching the immediate surrounding areas. Therefore, since this indication from the police would be the basis for the release of a lockout, there was no basis for the implementation of a lockout. Mrs. McCauley noted that it had come to her attention that a surrounding district was contacted by the Seventh Precinct regarding this event. Dr. Ring indicated that although he was not aware of the district to which Mrs. McCauley was referring, he did receive a call from the superintendent of a nearby district and he shared with that superintendent the information he had received from the police regarding the incident. Mrs. McCauley voiced her opinion that our district should have "erred on the side of caution" by enacting a lockout. Separately, referencing the recent evacuation/movement drill conducted at the Frank J. Carasiti Elementary School, Mrs. McCauley voiced her approval of the exercise and suggested that the drill be repeated in September for and with the students as "practice makes perfect."

- Ms. Melanie Connelly engaged Dr. Ring in conversation concerning the time parameters of the robbery and when the decision was made not to go into lockout. Dr. Ring again discussed the protocols followed and remarked that if the police had not called off their search for the suspect a lockout would have been immediately put into effect. Ms. Connelly remarked that there is a need for better communication between the district office and the police during an event such as this. Dr. Ring advised Ms. Connelly that there will be subsequent discussions between the district and the Seventh Precinct to improve upon responses during emergency incidents.
- Ms. Jenny Andersson addressed the issue of the gates of the Joseph A. Edgar School being locked one day during the past weekend and inquired as to why. Dr. Ring advised that the district had received disturbance complaints from JAE neighbors and noted that the gates of the other schools were open. Dr. Ring confirmed with Mr. Hilton that the gates at JAE should be open from 7 a.m. to dusk seven days a week.
- Ms. Andersson asked Mrs. Sullivan if she would explain her reasons for voting no on the adoption of the revised and updated Next STEP Plan. Mrs. Sullivan responded that she was not against the entire plan but that she found it to be “cumbersome” and difficult to get through and process. Mrs. Sullivan stated that she has personal issues with the Alternative High School, the time teachers are taken out of their classrooms, the practice of guidance counselors being required to identify students at academic risk and the addition of more exams. Mrs. Sullivan referenced the low test scores on the January Regents by students who were prepped to take them and wondered if the costs of the programs were warranted considering the low number of students attending the classes. Mrs. Andersson thanked Mrs. Sullivan for her candidness.

There were no further questions or comments.

ADJOURNMENT

At 7:58 p.m. a motion was made by Diane Burke and seconded by Susan Sullivan to adjourn the meeting.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

To the Board of Education
Rocky Point Union Free School District

Report on Compliance for Each Major Federal Program

We have audited the Rocky Point Union Free School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Rocky Point Union Free School District's major federal programs for the fiscal year ended June 30, 2013. The Rocky Point Union Free School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Rocky Point Union Free School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Rocky Point Union Free School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Rocky Point Union Free School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Rocky Point Union Free School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the fiscal year ended June 30, 2013.

Report on Internal Control over Compliance

Management of Rocky Point Union Free School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Rocky Point Union Free School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Rocky Point Union Free School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, each major fund, and the fiduciary funds of Rocky Point Union Free School District as of and for the fiscal year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise Rocky Point Union Free School District's basic financial statements. We issued our report thereon dated October 11, 2013, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been

subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Rocky Point Union Free School District under programs of the federal government for the fiscal year ended June 30, 2013. The information in this Schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of Rocky Point Union Free School District, it is not intended to and does not present the financial position, changes in net position or cash flows of Rocky Point Union Free School District.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87 *Cost Principles for State, Local and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The value of food commodities was calculated using the U.S. Department of Agriculture's Food and Nutrition Service commodity price lists. Federal awards that are included in the Schedule may be received directly from federal agencies, as well as federal awards that are passed through from other government agencies. Pass-through entity identifying numbers are presented where available.

Indirect costs may be included in the reported expenditures, to the extent that they are included in the federal financial reports used as the source for the data presented.

Matching costs (Rocky Point Union Free School District's share of certain program costs) are not included in the reported expenditures.

3. SUBRECIPIENTS:

No amounts were provided to subrecipients.

4. OTHER DISCLOSURES:

No insurance is carried specifically to cover equipment purchased with federal funds. Any equipment purchased with federal funds has only a nominal value, and is covered by Rocky Point Union Free School District's casualty insurance policies.

There were no loans or loan guarantees outstanding at year end.

Generally, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when:

- a) Submission of such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment;
- b) Submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individuals; and
- c) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

The Board acknowledges that in determining whether sexual harassment has occurred the totality of the circumstances should be evaluated. The Board recognizes that sexual harassment can originate from a person of either sex against a person of the opposite or same sex, and from co-workers as well as supervisors, and from a third party such as a school visitor, volunteer, or vendor, or any other individual associated with the School District. The District will designate, at a minimum, two (2) Complaint Officers, one (1) of each gender.

In order for the Board to enforce this policy, and to take corrective measures as may be necessary, it is essential that any employee who believes he/she has been a victim of sexual harassment in the work environment, as well as any other person who is aware of and/or who has knowledge of or witnesses any possible occurrence of sexual harassment, immediately report such alleged harassment to the District's designated complaint officers through informal and/or formal complaint procedures as developed by the District. Such complaints are recommended to be in writing, although verbal complaints of alleged sexual harassment will also be promptly investigated in accordance with the terms of this policy. In the event that the Complaint Officer is the alleged offender, the employee should report his/her complaint to the next level of supervisory authority.

Upon receipt of an informal/formal complaint (even an anonymous complaint), the District will conduct a thorough investigation of the charges. However, even in the absence of a complaint, if the District has knowledge of or has reason to know of or suspect any occurrence of sexual harassment, the District will investigate such conduct promptly and thoroughly.

SUBJECT: SEXUAL HARASSMENT OF DISTRICT PERSONNEL (Cont'd.)

To the extent possible, within legal constraints, all complaints will be treated as confidentially and privately as possible. However, disclosure may be necessary to complete a thorough investigation of the charges, and any disclosure will be provided on a "need to know" basis.

Based upon the results of the investigation, if the District determines that an employee has violated the terms of this policy and/or accompanying regulations, immediate corrective action will be taken, as warranted, up to and including termination of the offender's employment in accordance with legal guidelines, District policy and regulation, the District's Code of Conduct, and the applicable collective bargaining agreement(s). Third parties (such as school volunteers, vendors, etc.) who are found to have violated this policy and/or accompanying regulations will be subject to appropriate sanctions as warranted and in compliance with law.

Prohibition of Retaliatory Behavior

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of sexual harassment. Follow-up inquiries shall be made to ensure that harassment has not resumed and that all those involved in the investigation of the sexual harassment complaint have not suffered retaliation.

Finding That Harassment Did Not Occur

At any level/stage of investigation of alleged harassment, if a determination is made that harassment did not occur, the Complaint Officer will so notify the complainant, the alleged offender and the Superintendent of this determination. Such a finding does not preclude the complainant from filing an appeal pursuant to District policy or regulation and/or pursuing other legal avenues of recourse.

However, even if a determination is made that harassment did not occur, the Superintendent/designee reserves the right to initiate staff awareness and training, as applicable, to help ensure that the school community is not conducive to fostering harassment in the workplace.

In all cases, the Superintendent will inform the Board of Education of the results of each investigation involving a finding that harassment did not occur.

Knowingly Makes False Accusations

Employees and/or students who *knowingly* make false accusations against another individual as to allegations of harassment may also face appropriate disciplinary action.

Privacy Rights

As part of the investigation, the District has the right to search all school property and equipment including District computers. Rooms, desks, cabinets, lockers, computers, etc. are provided by the District for the use of students and staff, but the users do not have exclusive use of these locations or equipment and should not expect that materials stored therein will be private.

Personnel

SUBJECT: SEXUAL HARASSMENT OF DISTRICT PERSONNEL (Cont'd.) Development and Dissemination of Administrative Regulations

Regulations will be developed for reporting, investigating and remedying allegations of sexual harassment. An appeal procedure will also be provided to address any unresolved complaints and/or unsatisfactory prior determinations by the applicable Complaint Officer(s).

Such regulations will be developed in accordance with federal and state law as well as any applicable collective bargaining agreement(s).

The Superintendent/designee(s) will affirmatively discuss the topic of sexual harassment with all employees, express the District's condemnation of such conduct, and explain the sanctions for harassment. Training programs will be established for employees to help ensure awareness of the issues pertaining to sexual harassment in the workplace, and to disseminate preventative measures to help reduce such incidents of prohibited conduct. Furthermore, special training will be provided for designated supervisors and managerial employees, as may be necessary, for training in the investigation of sexual harassment complaints.

A copy of this policy and its accompanying regulations will be available upon request and may be posted at various locations in each school building. The District's policy and regulations on sexual harassment will be published in appropriate school publications such as teacher/employee handbooks and/or school calendars.

SUBJECT: NEPOTISM

Without specific exception by the Board of Education, no person will be appointed, promoted, transferred, assigned, or otherwise employed in any position in which he/she would supervise or receive supervision from a member of his/her immediate family.

For the purpose of this policy, immediate family means: spouse, parent, grandparent, grandchild, father, step-father, mother, step-mother, mother-in-law, father-in-law, child, step-child, son-in-law, daughter-in-law, brother, step-brother, brother-in-law, sister, step-sister, sister-in-law.

For the purpose of this policy, supervise means: the authority to recommend or approve the immediate family member's appointment, promotion, salary, evaluation, termination, or other similar personnel actions.

The Superintendent of Schools or his/her designee may investigate complaints of undue influence, favoritism or other conflicts of interest involving School District employees who are immediate family members but who are not involved in any supervisory relationship.

The Superintendent of Schools or his/her designee may also investigate complaints of undue influence, favoritism or other conflicts of interest due to the interpersonal, non-familial relationship of School District employees.

The Superintendent will provide the Board of Education with information in writing of familial relationships of potential new staff for the purpose of compliance with this policy and Policy # 6217-- Employment of Relatives of Board of Education Members.

SUBJECT: FINGERPRINTING OF PROSPECTIVE SCHOOL EMPLOYEES

Unless otherwise authorized in accordance with law and regulation, the District shall not employ or utilize a prospective school employee, as defined below, unless such prospective school employee has been granted a "full" clearance for employment by the State Education Department (SED). The School District shall require a prospective school employee who is not in the SED criminal history file to be fingerprinted for purposes of a criminal history record check by authorized personnel of the designated fingerprinting entity. For purposes of this provision of law, the term "criminal history record" shall mean a record of all convictions of crimes and any pending criminal charges maintained on an individual by the Division of Criminal Justice Services (DCJS) and the Federal Bureau of Investigation (FBI). The District shall, however, obtain the applicant's consent to the criminal history records search.

The District shall utilize SED's Web-based application known as *TEACH for instantaneous access to important information about certification and fingerprinting. Through TEACH, SED provides an individual with the ability to apply for fingerprint clearance for certification and/or employment and view the status of his/her fingerprint clearance request. Through TEACH, the School District is able, among other applications, to submit an online request for fingerprint clearance for a prospective employee, view the status of a fingerprint clearance request, and determine whether a subsequent arrest letter has been issued.

Prior to initiating the fingerprinting process, the District shall furnish the applicant with written notice on a form prepared by the Commissioner of Education addressing the fingerprinting requirements and the applicant's right to obtain, review and seek correction of his/her criminal history information. Additionally, where the prospective school employee is not already in the SED criminal history file, the District shall obtain the signed, informed consent of the applicant to perform the criminal history check. Every set of fingerprints taken shall be promptly submitted to the Commissioner of Education for purposes of clearance for employment.

Where the prospective school employee is already in the SED criminal history file, the District shall request the clearance for employment on forms or an equivalent manner prescribed by SED. Furthermore, the District shall notify SED, in a manner prescribed by the Department, of a prospective school employee who has commenced employment with or began providing services for the District, the date of the commencement of such employment or service, and the position held by such individual. Similarly, the District shall notify SED, in a manner prescribed by the Department, of a fingerprinted employee who has been separated from employment with the District or ceased providing services for the School District, and the date of such separation from employment or cessation of services. All criminal history records processed by DCJS and the FBI and sent to the Commissioner of Education are confidential. The records may not be published or in any way disclosed to persons other than the Commissioner unless otherwise authorized by law.

Unless otherwise exempted pursuant to law, the applicant shall be responsible for the payment of fees to SED for a criminal history record check. However, if approved by Board resolution, the District may authorize the payment of such fees on behalf of prospective employees. The Board is also authorized to waive the payment of such fees in cases of unreasonable financial hardship to the applicant or his/her family. If the Board decides to waive payment of the fees for the prospective employee, payment of the fees becomes the District's responsibility.

Who Must Be Fingerprinted

All "prospective school employees" of the School District must be fingerprinted. For purposes of this policy and the applicable provisions in law and Commissioner's Regulations, "prospective school employee" shall mean any individual who will reasonably be expected by the School District to

provide services which involve direct contact, meaning in person, face-to-face communication or interaction, with students under the age of twenty-one (21) and who is either:

- a) Seeking a compensated position with the District and is not currently employed by the District or a student enrolled in the instructional program of a grade level in the School District; or
- b) An employee of a provider of contracted services to the School District who is to be placed within the District; or
- c) A worker who is to be placed within the District under a public assistance employment program pursuant to Title 9-B of Social Services Law Article 5, directly or through contract; or
- d) Any individual who is employed by or associated with a supplemental educational services provider and who will provide supplemental educational services through direct contact with eligible children, regardless of the location in which such services are delivered.

Individuals Who Are Specifically Excluded

Individuals excluded from a criminal history record check/fingerprinting pursuant to this provision of law and regulation are those individuals who:

- a) Are seeking a position as a school bus driver or school bus attendant and are cleared for employment pursuant to the Vehicle and Traffic Law; or
- b) Have provided services to the District in the previous school year either in a compensated position, or as an employee of a provider of contracted services to the District, or as a worker placed within the School District under a public assistance employment program pursuant to Title 9-B of Social Services Law Article 5, directly or through contract; or
- c) Will reasonably be expected by the School District to provide services for the District on no more than five (5) days in the school year in which services are to be performed, provided that the District provides in-person supervision of such individual by one (1) or more employees of the District while that individual is providing such services. Individuals providing such time-limited and supervised services may include but shall not be limited to artists, guest lecturers and speakers, and sports officials.

Any prospective employee who previously has been fingerprinted in order to obtain certification, and whose fingerprints remain on file with the Division of Criminal Justice Services (DCJS), will not be required to be fingerprinted again for purposes of a criminal history record check.

Removal from the SED Criminal History File

Where individuals have been separated from employment at the School District and have not become employed in this District or another school district, BOCES or charter school within twelve (12) months of such separation, SED shall notify DCJS of such separation for the purpose of destroying the fingerprints of that individual. Further, upon request of such individual, SED shall notify DCJS prior to the expiration of such twelve-month period for the purpose of destroying his/her fingerprints. Such individuals shall be removed from the SED criminal history file.

Conditional Appointments/Emergency Conditional Appointments

Conditional Appointments

Whenever possible, a "full" clearance will be received for all new employees requiring such clearance before they begin work for the District. However, upon the recommendation of the Superintendent of Schools, the Board of Education may conditionally appoint a prospective employee. A request for conditional clearance shall be forwarded to the Commissioner of Education along with the prospective employee's fingerprints as mandated pursuant to law. Such conditional appointment shall not commence until notification by the Commissioner that the prospective employee has been conditionally cleared for employment, and such conditional employment shall terminate when the School District is notified of the determination by the Commissioner to grant or deny full clearance; however, if full clearance is granted, the appointment shall continue and the conditional status shall be removed.

Prior to commencement of such conditional appointment, the District must obtain a signed statement for conditional employment from the prospective employee indicating whether, to the best of his/her knowledge; the prospective employee has a pending criminal charge or criminal conviction in any jurisdiction outside the state.

Emergency Conditional Appointments

Upon the recommendation of the Superintendent of Schools, the Board may make an emergency conditional appointment when an unforeseen emergency vacancy has occurred. When such an appointment is made, the process for conditional appointment as enumerated above must also be initiated.

Emergency conditional appointment may commence prior to notification from the Commissioner of Education on conditional clearance but shall terminate twenty (20) business days from the date such appointment commences or when the District is notified by the Commissioner that conditional clearance is either granted or denied, whichever occurs earlier; however, if conditional clearance is granted, the appointment shall continue as a conditional appointment.

SUBJECT: FINGERPRINTING OF PROSPECTIVE SCHOOL EMPLOYEES (Cont'd.)

Prior to the commencement of such appointment, the District must obtain a signed statement for emergency conditional appointment from the prospective employee indicating whether, to the best of his/her knowledge, the prospective employee has a pending criminal charge or criminal conviction in any jurisdiction.

An unforeseen emergency vacancy shall be defined as:

- a) A vacancy that occurred less than ten (10) business days before the start of any school session including summer school, or during any school session including summer school, without sufficient notice to allow for clearance or conditional clearance (however, this ten (10) business day timeframe provision shall not apply if the Board of Education finds that the School District has been unable to fill the vacancy despite good faith efforts to fill the vacancy in a manner that would have allowed sufficient time for full clearance or conditional clearance); and
- b) When no other qualified person is available to fill the vacancy temporarily; and
- c) When the emergency conditional appointment is necessary to maintain services which the District is legally required to provide or services necessary to protect the health, education or safety of students or staff.

Safety of Students

The District will develop internal building and/or program procedures to help ensure the safety of students who have contact with an employee holding conditional appointment or emergency conditional appointment. Such procedures will address the safety of students in the classroom, students attending off-campus activities under the supervision of the School District, and students participating in extracurricular and/or co-curricular activities (including sports and athletic activities).

Safety procedures to be addressed include, but are not limited to, the following: supervision of the employee holding conditional appointment/emergency conditional appointment as determined appropriate by the applicable building/program administrator; and periodic visitations by the building/program administrator to the classroom, program and/or activity assigned to the employee holding conditional appointment/emergency conditional appointment.

"Sunset" Provision for Conditional Appointments/Emergency Conditional Appointments

The provisions in law which permit the conditional appointment and/or emergency conditional appointment of employees pending full clearance from SED shall terminate, in accordance with legislation, (on July 1, 2013) and shall be rescinded as Board policy and procedure as of that date (unless subsequent revisions to applicable law provide otherwise).

NO CHANGES RECOMMENDED**SUBJECT: STUDENT PRIVACY, PARENTAL ACCESS TO INFORMATION, AND ADMINISTRATION OF CERTAIN PHYSICAL EXAMINATIONS TO MINORS**

The Protection of Pupil Rights Amendment (PPRA) governs the administration to students of a survey, analysis, or evaluation that concerns one or more of the following **eight protected areas**:

- a) Political affiliations or beliefs of the student or the student's parent/guardian;
- b) Mental or psychological problems of the student or the student's family;
- c) Sex behavior or attitudes;
- d) Illegal, anti-social, self-incriminating, or demeaning behavior;
- e) Critical appraisals of other individuals with whom respondents have close family relationships;
- f) Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
- g) Religious practices, affiliations, or beliefs of the student or student's parent/guardian; or
- h) Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

PPRA also concerns marketing surveys and other areas of student privacy, parental access to information, and the administration of certain physical examinations to minors.

General Provisions

The requirements of PPRA do not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (IDEA). Further, PPRA does not supersede any of the requirements of the Family Educational Rights and Privacy Act (FERPA).

The rights provided to parents/guardians under PPRA transfer from the parent/guardian to the student when the student turns eighteen (18) years old or is an emancipated minor under applicable State law.

The School District may use funds provided under Part A of Title V of the Elementary and Secondary Education Act of 1965 to enhance parental/guardian involvement in areas affecting the in-school privacy of students.

Annual Parental Notification of Policies/Prior Written Consent/"Opt Out" Provisions

The School District shall provide for reasonable notice of the adoption or continued use of this policy directly to parents/guardians and eligible students enrolled in the District. At a minimum, the District shall provide such notice at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy.

Further, in the notification, the District shall offer an opportunity for parents/guardians to provide written consent or opt their child out of participation in the following activities in accordance with law and the surveys conducted:

- a) The administration of **any survey** containing one or more of the **eight protected areas**.
 1. **U.S. Department of Education-Funded Surveys: Prior written consent from parents must be obtained** before students are required to submit to the survey.
 2. **Surveys funded by sources other than U.S. Department of Education:** Notification may indicate the specific or approximate dates during the school year when surveys will be administered and provide an opportunity for the parent to opt his/her child out of participating upon receipt of the notification.
- b) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).
- c) Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student, or of other students. The term "*invasive physical examination*" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but *does not include a hearing, vision or scoliosis screening*.

Specific Notification

In the event that the District does not identify the specific or approximate dates of the activities or surveys to be administered in the general annual notification, it shall "directly" notify, such as through U.S. Mail or e-mail, the parents of students who are scheduled to participate in the specific activities or surveys prior to participation and provide an opportunity for the parent to provide written consent or opt his/her child out of participation in accordance with law and the surveys conducted.

U.S. Department of Education-Funded Surveys

In compliance with the Protection of Pupil Rights Amendment (PPRA), the School District is committed to protecting the rights and privacy interests of parents/guardians and students with regard to surveys funded in whole or part by any program administered by the U.S. Department of Education (DOE).

The District shall make instructional materials available for inspection by parents/guardians if those materials will be used in connection with a DOE-funded survey, analysis, or evaluation in which their children participate. In addition, the School District **shall obtain prior written parental/guardian consent** before minor students are required to participate in any DOE-funded survey, analysis, or evaluation that reveals information concerning any of the **eight protected areas**.

Surveys Funded by Sources Other than U.S. Department of Education

The School District has developed and adopted this Board policy, in consultation with parents/guardians, regarding the following:

- a) The right of the parent/person in parental relation to inspect, upon request, a survey created by a third party (i.e., by a party other than the DOE) before the survey is administered or distributed by the school to a student. Requests by parents/guardians to inspect such surveys are to be submitted, in writing, to the Building Principal no more than fourteen (14) days prior to the administration or distribution of any survey. Further, the District shall grant a request by the parent/guardian for reasonable access to such survey within a reasonable period of time after the request is received by the District.
- b) Arrangements shall be provided by the District to protect student privacy in the event of the administration or distribution of a survey to a student containing one or more of the **eight protected areas**, including the right of the parent/guardian of the student to inspect, upon request, any survey containing one or more of the **eight protected areas**. Such requests must be submitted by the parent/guardian, in writing, to the Building Principal no more than thirty (30) days prior to the administration or distribution of any survey.
- c) Parents/guardians shall be granted, upon request, reasonable access and the right to inspect instructional materials used as part of the educational curriculum for the student within a reasonable period of time (*defined by the School District, for the purposes of this policy, as thirty [30] days) after such request is received by the District. Requests shall be submitted by parents/guardians, in writing, to the Building Principal. The term *"instructional material"* means instructional content that is provided to a student,

regardless of its format, including printed or representational materials, audiovisual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). *The term does not include academic tests or academic assessments.*

- d) The administration of physical examinations or screenings that the School District may administer to a student.

Further, this law does not apply to any physical examination or screening that is permitted or required by State law, including physical examinations or screenings that are permitted without parental notification.

In the implementation of this provision regarding the administration of physical examinations or screenings that the school may administer to the student, the School District incorporates by reference Board policies that address student health services, as applicable, including but not limited to policies regarding the administration of medication, immunization of students, and student physicals.

- e) Unless mandated/authorized in accordance with Federal or State law and/or regulation, it is policy of the Board of Education, to **not permit** the collection, disclosure, or use of personal information (the term "*personal information*" is defined as individually identifiable information including a student's or parent/guardian's first and last name; home address; telephone number; or Social Security number) collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose), *unless otherwise exempted pursuant to law as noted below*. Questions regarding the collection, disclosure, or use of personal information collected from students for such marketing purposes may be referred to the school attorney as deemed necessary by the Superintendent/designee.

This law is not intended to preempt applicable provisions of State law that require parental/guardian notification.

These requirements **do not apply** to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as the following:

- a) College or other postsecondary education recruitment, or **military recruitment*;

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION

In accordance with General Obligations Law Title 15-A, a parent of a minor or incapacitated person may designate another person as a person in parental relation to such minor or incapacitated person for certain health care and educational decisions for a period not exceeding six (6) months. However, such parental designation is conditioned upon there being no prior order of any court in any jurisdiction currently in effect that would prohibit the parent from himself/herself exercising the same or similar authority; and provided further that, in the case where a court has ordered that both parents must agree on education or health decisions regarding the child, a designation pursuant to this law shall not be valid unless both parents have given their consent.

The designation of a person in parental relation must be in writing in the form prescribed by General Obligations Law Title 15-A, and shall include specified information as enumerated in law for designations of thirty (30) days or less, as well as additional information required for designations of more than thirty (30) days. The designation of a person in parental relation may be presented to any school that requires such designation by either the parent or designee. The designation may specify a period of time less than six (6) months for which such designation shall be valid unless earlier revoked by the parent in accordance with law. *However, a designation specifying a period of more than thirty (30) days shall be notarized.*

If no time period is specified in the designation, it shall be valid until the earlier of:

- a) Revocation; or
- b) The expiration of thirty (30) days from the date of signature if the designation does not meet the requirements for designations of more than thirty (30) days, or
- c) Six (6) months from the date of commencement specified in the designation if the designation meets the requirements for designations of more than thirty (30) days.

Scope of Designation

A designation made pursuant to this law may specify:

- a) The treatment, diagnosis or activities for which consent is authorized;
- b) Any treatment, diagnosis or activity for which consent is not authorized; or
- c) Any other limitation on the duties and responsibilities conveyed by the designation.

Revocation of Designation

A parent may revoke a designation by notifying, either orally or in writing, the designee or a school to which the designation has been presented, or by any other act evidencing a specific intent to

revoke the designation. A designation shall also be revoked upon the execution by the parent of a subsequent designation. Revocation by one parent authorized to execute such a designation shall be deemed effective and complete revocation of a designation pursuant to law.

A designee who receives notification from a parent of any such revocation shall immediately notify any school to which a designation has been presented. A parent may directly notify any such school of the revocation, in which case the failure of the designee to notify the school of such revocation shall not make revocation ineffective.

Effect of Designation

- a) A designee shall possess all the powers and duties of a person in parental relation pursuant to Public Health Law Sections 2164 and 2504 and Education Law Sections 2 and 3212, unless otherwise specified in the designation.
- b) A designation shall not impose upon a designee a duty to support pursuant to Family Court Act Section 413.
- c) A designation shall not cause a change in the school district of residence of the child for purposes of the Education Law, and during the period of validity of the designation, the child shall be presumed to be a resident of the school district in which the parent resided at the time the designation was made.
- d) A designation shall terminate and be revoked upon the death or incapacity of the parent who signed the designation.
- e) The decision of a designee shall be superseded by a contravening decision of a parent.

A person who acts based upon the consent of a designee reasonably and in the good faith belief that the parent has in fact authorized the designee to provide such consent may not be deemed to have acted negligently, unreasonably or improperly in accepting the designation and acting upon such consent. However, any such person may be deemed to have acted negligently, unreasonably or improperly if he/she has knowledge of facts indicating that the designation was never given, or did not extend to an act or acts in question, or was revoked.

No provision of General Obligations Law Title 15-A shall be construed to require designation of a person in parental relation as provided within the statute where such designation is not otherwise required by law, rule or regulation.

SUBJECT: CHILDREN WITH DISABILITIES

A child with a disability means a student under the age of twenty-one who is entitled to attend public schools and who, because of mental, physical or emotional reasons can only receive appropriate educational opportunities from a program of special education. A child is not considered as having a disability if his/her educational needs are due primarily to unfamiliarity with the English language; environmental, cultural or economic factors; or lack of appropriate instruction in reading or mathematics.

If the State Education Department finds that the District has inappropriate policies, procedures or practices resulting in a significant disproportionality by race/ethnicity in the suspension, identification, classification and/or placement of students with disabilities, the District will ensure that it publicly reports on the subsequent revisions to those policies, procedures or practices.

The Board of Education recognizes the existence of individual differences in the intellectual, social, emotional and physical development of children attending school in the District. In recognizing these differences the Board supports a system of services offered in the least restrictive environment for children with disabilities which includes:

- a) Not requiring any student to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving services.
- b) Education in regular classes with or without support services, education in a resource room, education for part of the day in a special class, full time education in a special class, home instruction and education in a residential setting.
- c) Providing for the education of students with disabilities with non-disabled peers to the extent appropriate.
- d) Taking the following measurable steps to recruit, hire, train and retain highly qualified personnel to provide special education programs and services:
 1. Advertise in one or more of the following: the New York Times newspapers, OLAS and/or E-list-serves;
 2. Attend recruiting fairs at local colleges;
 3. Provide appropriate candidates the opportunity to go through the District hiring process;
 4. After being hired, provide training through the New Teacher Workshop, staff development, and assigned mentors.

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)

- e) Establishing the following guidelines for the provision of appropriate accommodations necessary to measure the academic achievement and functional performance of the student in the administration of District-wide assessments:
 - 1. Ensure that necessary accommodations are specified on individualized education program (IEP);
 - 2. Review the need for accommodations at Committee on Special Education (CSE) evaluations/re-evaluations;
 - 3. Provide for testing accommodations.
- f) To the extent feasible, using universal design principles (defined as a concept or philosophy for designing and delivering products and services that are usable by people with the widest range of functional capabilities, which include products and services that are directly usable without requiring assistive technologies and products and services that are made usable with assistive technologies) in developing and administering District-wide assessment programs by:
 - 1. New York State assessment and practice New York State assessment;
 - 2. Standardized testing instruments;
 - 3. WIAT;
 - 4. DIBELS;
 - 5. Literacy Collaborative.
- g) Consideration of the location of a school program(s) to a student's residence, before placement into an educational program.
- h) Adoption of written policies and procedures ensuring that students with disabilities are provided appropriate opportunities to earn a high school diploma in accordance with Commissioner's Regulations.
- i) Allocation of appropriate space within the District for special education programs that meet the needs of students with disabilities.
- j) Assurance that appropriate space will be available to meet the needs of resident students with disabilities who attend special education programs provided by BOCES.

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)**Provision of Special Education Services to Nonpublic School Students with Disabilities who are Parentally Placed**

The **district of location** is responsible for child find, including individual evaluations, Committee on Special Education (CSE) meetings, provision of special education services, and due process to parentally placed nonpublic school students attending nonpublic schools located in the geographic region of the public school district.

These requirements only pertain to students with disabilities parentally placed in elementary and secondary nonpublic schools, not to parental placements of preschool children with disabilities in private day care or preschool programs; or to CSE placements of students with disabilities in approved private schools, Special Act School Districts, State-supported or State-operated schools or to Charter schools.

The actual cost for Committee on Special Education (CSE) administration, evaluations and special education services provided to a student with a disability who is a resident of New York State, but a nonresident to the district of location, may be recovered from the student's school district of residence. Because federal regulations require parental consent before any personally identifiable information about the student relating to special education is shared between officials in the public school district of location and officials in the public school district of residence, parent consent to share special education information between the two public school districts is required before billing a district of residence for the cost of special education services provided to the student by the district of location.

If the school district of residence disagrees with the amount of the costs charged by the school district of location for the special education services provided to parentally-placed nonpublic school students, and the two (2) districts cannot reach an agreement, the district of residence will utilize the administrative review process specified in Commissioner's Regulations Section 177.2

Parental consent must be obtained by the school district of location before any personally identifiable information about the student is shared between officials in the public school district of residence and officials in the public school district of location.

The school district of location must consult with nonpublic school representatives and representatives of parents of parentally placed nonpublic school students with disabilities enrolled in nonpublic elementary and secondary schools located within the boundaries of the school district. The school district must engage in consultation regarding the child find process and services generally; consultation is not specific to individual students. Individual services are determined by the CSE.

The consultation process must be timely and meaningful and include discussion of:

- 1) Child Find;

(Continued)

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)

- 2) Provision of Special Education Services; and
- 3) Use of Federal Funds.

The school district of location must provide, as appropriate, special education services to an eligible student who legally resides in another state and who is parentally placed in a nonpublic school located in New York State. The services to be provided to out-of state students must be documented on a services plan that is developed by the CSE of the district of location. The services plan is the written plan that describes the specific special education and related service that the district of location will provide to the student consistent with the services that the school district of location has determined through the consultation process and in relation to the proportionate shares of federal IDEA Part B dollars, to be provided to the student.

NO CHANGES RECOMMENDED**SUBJECT: GROUPING BY SIMILARITY OF NEEDS**

The Board of Education will provide appropriate special education and related services to students with disabilities. For those students for whom an appropriate education requires that they be placed together for purposes of special education, the following guidelines shall apply:

- a) That each student with a disability shall be identified, evaluated and placed as determined by the Committee on Special Education (CSE).
- b) The CSE shall determine written goals, including academic and functional goals, for each student with a disability by considering the special and individual needs of each student with a disability. Short-term instructional objectives and/or benchmarks will be created for each preschool student with a disability and for students who take New York State alternate assessments.
- c) The CSE shall recommend to the Board of Education appropriate educational programs and services for each student with a disability based upon the CSE evaluation.
- d) The CSE shall provide information to those teachers and professionals who arrange instructional groups for students with disabilities. Information shall include physical, psychological and social information as well as achievement test results.
- e) The curriculum and instruction provided to students with disabilities who are grouped by similarity of needs shall be consistent with the individual needs of each student in the group.
- f) Students with disabilities may be grouped according to:
 1. Academic achievement, functional performance and learning characteristics;
 2. Social development;
 3. Physical development; and
 4. Management needs.
- g) When grouping students by similarity of needs, the social needs or physical development of a student shall not be the sole determinant for placement of a student in a special education program.
- h) The management needs of such students may vary, provided that environmental modifications, adaptations, or human or material resources required to meet the needs of any one student in the group are provided and do not consistently detract from the opportunities of other students in the group to benefit from instruction.

NO CHANGES RECOMMENDED**SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S
INDIVIDUALIZED EDUCATION PROGRAM**

The Board of Education shall establish at least one Committee on Special Education (CSE) and one Committee on Preschool Special Education (CPSE). The Board shall also establish, as necessary, Subcommittees on Special Education to ensure timely evaluation and placement of students with disabilities.

Committee on Special Education

The Board of Education shall, upon completion of its review of the recommendations of the CSE, arrange for the appropriate special education programs and services to be provided to a student with a disability. The Board shall notify the parent/guardian of its action in accordance with federal and state law and regulations.

For a student not previously identified as having a disability, the CSE shall provide a recommendation to the Board which shall arrange for the appropriate special education programs and services to be provided within sixty (60) school days of the date of receipt of consent to evaluate. For a student with a disability referred for review, a recommendation shall be provided to the Board which shall arrange for the appropriate special education programs and services to be provided within sixty (60) school days of the referral for review. However, if such recommendation of the CSE is for placement in an approved in-state or out-of-state private school, the Board shall arrange for such special education programs and services for students with disabilities within thirty (30) days of the Board's receipt of the recommendation of the CSE.

If on review of the recommendation of the CSE, the Board of Education disagrees with such recommendation, the Board shall follow one of the following procedures:

- a) The Board may remand the recommendation to the CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider such objections or concerns. The CSE shall consider the Board's objections or concerns, revise the individualized education program (IEP) where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the CSE, the Board may continue to remand the recommendation to the original committee for additional reviews of its objections or concerns, or establish a second CSE to develop a new recommendation in accordance with the following paragraph, provided that the Board arranges for the programs and services in accordance with the student's IEP within the timelines as outlined above; or, in the alternative,
- b) The Board may establish a second CSE to develop a new recommendation for the student. If the Board disagrees with such new recommendation, the Board may remand the recommendation to the second CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider such objections or

concerns. The second CSE shall consider the Board's objections or concerns, revise the IEP where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the second CSE, the Board may continue to remand the recommendation for additional reviews of its objections or concerns by the second CSE, provided that the Board arranges for the programs and services in accordance with the student's IEP, as developed by the second CSE, within the timelines as outlined above.

Pursuant to Commissioner's Regulations, the Board may not select the recommendation of the original CSE once it has established a second CSE.

The Board shall provide the student's parents/guardians with written notice and a copy of the statement of its objections or concerns and notice of due process rights in accordance with Section 200.5 of the Regulations of the Commissioner.

Committee on Preschool Special Education

Upon receipt of the recommendation of the Committee on Preschool Special Education (CPSE), the Board of Education shall arrange for the preschool student with a disability to receive such appropriate programs and services in accordance with the student's IEP, commencing with the July, September or January starting date for the approved program, unless such services are recommended by the CPSE less than thirty (30) school days prior to, or after, the appropriate starting date selected for the preschool student with a disability; in that case, such services shall be provided no later than thirty (30) days from the recommendation of the CPSE.

If the Board disagrees with the recommendation of the CPSE, the Board shall send the recommendation back to the CPSE with notice of the need to schedule a timely meeting to review the Board's concerns and to revise the IEP as deemed appropriate. The Board of Education shall provide such notice as required by federal and state law and regulations.

Subcommittee on Special Education

The number of Subcommittees on Special Education will be determined by the CSE and the CSE will be responsible for the oversight and monitoring of the activities of each subcommittee to assure compliance with the requirements of applicable state and federal laws and regulations.

Each Subcommittee may perform the functions for which the CSE is responsible, except:

- a) When a student is considered for initial placement in a special class; or

(Continued)

Students

SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S INDIVIDUALIZED EDUCATION PROGRAM (Cont'd.)

- b) When a student is considered for initial placement in a special class outside of the student's school of attendance; or
- c) When a student is considered for placements in a school primarily serving students with disabilities or a school outside the District.

Subcommittees shall report annually to the CSE regarding the status of each student with a disability within its jurisdiction. Upon receipt of a written request from the parent or person in parental relation to a student, the Subcommittee shall refer to the CSE any matter in which the parent disagrees with the Subcommittee's recommendation concerning a modification or change in the identification, evaluation, educational placement or provision of a free appropriate education to the student.

NO CHANGES RECOMMENDED**SUBJECT: PRESCHOOL SPECIAL EDUCATION PROGRAM**

The Board recognizes the need for educational programs for three (3) and four (4) year old children with disabilities and directs that administrative practices and procedures be developed to:

- a) Ensure the timely evaluation and placement of each preschool child with a disability residing in the District so the child has the opportunity to participate in preschool programs.
- b) Establish a Committee on Preschool Special Education (CPSE) which shall be comprised in accordance with applicable federal and state law and regulation.
- c) Ensure that parents have received and understand the request for consent for evaluation and re-evaluation of a preschool aged child.

Evaluations for Preschool Children with Disabilities

The District is required to collect entry assessment data in the three (3) outcome areas on all preschool children who receive an initial evaluation. As currently required by Commissioner's Regulation Section 200.5, a parent must be fully informed about the proposed initial evaluation and must provide consent for an initial evaluation. This would include a description of the proposed evaluation.

The CPSE will receive entry-level assessment results in the three (3) outcome areas from approved preschool evaluators conducting initial evaluations on all preschool children suspected of having disabilities. The CPSE will then meet to determine the child's eligibility for preschool education programs and/or services and complete the Child Outcomes Summary Form to determine the child's entry level of functioning in the three (3) outcome areas for all preschool children evaluated and found to be eligible. The form is to be kept in the student's record until the exit assessment information is due as a way to summarize complex assessment information in a format so that the data can be aggregated and reported to the State Education Department (SED).

NO CHANGES RECOMMENDED**SUBJECT: LEAST RESTRICTIVE ENVIRONMENT**

Least restrictive environment means that placement of students with disabilities in special classes, separate schools or other removal from the regular educational environment occurs only when the nature or severity of the disability is such that even with use of supplementary aids and services, education in regular classes cannot be satisfactorily achieved. The placement of an individual student with a disability in the least restrictive environment shall:

- a) Provide the special education and related services, as well as supplementary aids and services, needed by the student. The term "related services" does not include a medical device that is surgically implanted, the optimization of the device's functioning (e.g., mapping), maintenance of, or the replacement of such device;
- b) Provide for education of the student to the maximum extent appropriate to the needs of the student with other students who do not have disabilities; and
- c) Be as close as possible to the student's home.

The District has an obligation, pursuant to law and regulation, to educate students with disabilities in the least restrictive environment. The School District shall ensure that:

- a) Placement is based on the student's individualized education program and determined at least annually;
- b) Placement is as close as possible to the student's home, and unless the student's individualized education program requires some other arrangement, the student shall be educated in the school he/she would have attended if not disabled;
- c) In selecting the least restrictive environment, consideration will be given to any potential harmful effect on the student or on the quality of services that he/she needs; and
- d) A student with a disability will not be removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum.

The District shall ensure that a continuum of alternative placements, in accordance with law and/or regulation, will be available to meet the needs of students with disabilities. To enable students with disabilities to be educated with nondisabled students to the maximum extent appropriate, specially designed instruction and supplementary services may be provided in the regular class, including, as appropriate, related services, resource room programs and special class programs within the general education classroom.

**SUBJECT: PREREFERRAL INTERVENTION STRATEGIES IN GENERAL EDUCATION
(PRIOR TO A REFERRAL FOR SPECIAL EDUCATION)**

The School District shall establish a plan for implementing schoolwide approaches and prereferral interventions in order to remediate a student's performance *prior to referral* for special education. This plan may include a Response to Intervention (RTI) process.

The provision of programs and/or services for students starts with consideration/implementation of instruction in the general education curriculum, with appropriate supports and/or modifications as may be necessary. In implementing prereferral intervention strategies, the District may utilize resources/strategies already in place for qualified students including, but not limited to, services available through Section 504 of the Rehabilitation Act of 1973, and Educationally Related Support Services and Academic Intervention Services as defined in Education Law and/or Commissioner's Regulations. All of these programs may be considered as possible components of Prereferral/Intervention Instructional Support Plans. The District will ensure that they have a system in place, with appropriate personnel, for developing, implementing and evaluating prereferral intervention strategies.

The District will provide general education support services, instructional modifications, alternative instructional approaches, or alternative program options to address a student's performance prior to a referral to a Committee on Special Education (CSE). Formal Instructional Support Teams (IST) will be formed in accordance with law and/or regulations as may be applicable as well as District guidelines. The IST will include representatives from general and special education as well as other disciplines and include individuals with classroom experience. Parents/persons in parental relation to students will be involved in developing prereferral strategies to address the educational needs of their child. Additionally, the District will seek collaboration between outside agencies and the school prior to a referral of the student to the CSE in order to address necessary student support services.

Administration shall ensure that appropriate opportunities exist for collaboration between general educators and special educators, and that consultation and support are available to teachers and other school personnel to assist parents/persons in parental relation to students and teachers in exploring alternative approaches for meeting the individual needs of any student prior to formal referral for special education.

The determination of prevention and prereferral intervention strategies/services shall consider the student's strengths, environment, social history, language and cultural diversity in addition to the teacher's concerns. The building administrator will further ensure that all staff are familiar with intervention procedures and procedures for operating an IST.

SUBJECT: PREREFERRAL INTERVENTION STRATEGIES IN GENERAL EDUCATION (PRIOR TO A REFERRAL FOR SPECIAL EDUCATION) (Cont'd.)

Prereferral/Intervention Instructional Support Plans shall be proactive in their strategies to meet the broad range of student needs and to improve student performance. Prereferral/Intervention strategies and/or Instructional Support Plans are to be reviewed and evaluated to determine their effectiveness, and modified as may be appropriate. Appropriate documentation of the prevention and/or intervention strategies implemented shall be maintained.

However, should a referral be made to the CSE during the course of implementing prereferral/intervention instructional support services, the CSE is obligated in accordance with law to continue its duties and functions, and must meet mandatory time lines in evaluating the student for special education services and implementation of an individualized education program, if applicable.

Educational Related Support Services

Educational related support services (ERSS) means curriculum and instructional modification services; direct student support team services; assessment and non-career counseling services; special instruction to eligible students with disabilities as defined in Education Law Section 4401, which does not generate excess cost aid including related services but excluding transportation and transition services; and to eligible, qualified students pursuant to Section 504 of the Rehabilitation Act of 1973. These services are provided to eligible students, individually or in groups, and may include those related consultation services provided to their families and related school personnel in order to enhance the academic achievement and attendance of such students. Educational related support services shall also mean speech and language improvement services as defined in Commissioner's Regulations.

ERSS may be utilized as a component of any Prereferral/Intervention Instructional Support Plan.

Section 504 of the Rehabilitation Act of 1973

For students who are qualified for services pursuant to Section 504 of the Rehabilitation Act, but are not classified as students with disabilities as defined in Education Law Section 4401, Section 504 Accommodation Plans may address instructional support services that can be utilized as components of any prereferral/intervention strategies as deemed necessary and/or appropriate.

Academic Intervention Services

Academic intervention services means additional instruction which supplements the instruction provided in the general education curriculum and assists students in meeting the State learning standards as defined in Commissioner's Regulations and/or student support services which may include guidance, counseling, attendance, and study skills which are needed to support improved academic performance.

(Continued)

Students

SUBJECT: PREREFERRAL INTERVENTION STRATEGIES IN GENERAL EDUCATION (PRIOR TO A REFERRAL FOR SPECIAL EDUCATION) (Cont'd.)

However, such services shall not include services provided to students with limited English proficiency pursuant to Commissioner's Regulations or special education services and programs as defined in Education Law Section 4401. Academic intervention services are intended to assist students who are at risk of not achieving the State learning standards in English language arts, mathematics, social studies and/or science, or who are at risk of not gaining the knowledge and skills needed to meet or exceed designated performance levels on State assessments.

The District has developed a description of the academic intervention services offered to grades K through 12 students in need of such services. The District will review and revise this description every two (2) years based on student performance results.

Parental notification of students who have been determined to need academic intervention services will be provided as per Commissioner's Regulations.

In implementing prevention and/or prereferral intervention support strategies in order to remediate a student's performance prior to referral for special education, the utilization of academic intervention services, as enumerated in Commissioner's Regulations, may be included as a component of any such Prereferral/Intervention Instructional Support Plan.

| NO CHANGES RECOMMENDED**SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES**

The School District shall establish and implement a plan for the appropriate declassification of students with disabilities which must include:

- a) The regular consideration for declassifying students when appropriate;
- b) A reevaluation of the student prior to declassification; and
- c) The provision of educational and support services to the student upon declassification.

Eligibility Determinations

The School District must evaluate a student with a disability prior to determining that a student is no longer a student with a disability as defined in accordance with Commissioner's Regulations, and the District shall provide a copy of the evaluation report and the documentation of eligibility to the student's parent at no cost to the parent. The results of any reevaluations must be addressed by the Committee on Special Education (CSE) in a meeting to review and, as appropriate, revise the student's individualized education program (IEP).

Prior to the reevaluation, the School District shall obtain informed written parental consent unless otherwise authorized pursuant to law and/or regulation. Parental consent need not be obtained if the District can demonstrate that it has taken reasonable measures to obtain that consent, and the student's parents fail to respond. The District must have a record of its attempts to obtain parental consent. Should the student's parents refuse consent for the reevaluation, the District may continue to pursue the reevaluation by using mediation and/or due process procedures.

The District shall take whatever action is necessary to ensure that the parent understands the proceedings at the meeting of the CSE, including arranging for an interpreter for parents with deafness or whose native language is other than English.

Graduation/Aging Out

The District is not required to conduct a reevaluation of a student before the termination of a student's eligibility due to graduation with a local high school or Regents diploma or exceeding the age eligibility for a free appropriate public education. However, the District must provide the student with a summary (Student Exit Summary) of the student's academic achievement and functional performance, including recommendations on how to assist the student in meeting his/her post secondary goals. Although not required to do so, the District will also provide this Student Exit Summary (www.vesid.nysed.gov/specialed/idea/studentexit.htm) to students exiting with a High School Equivalency Diploma.

SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES (Cont'd.)

In addition, the parent must receive prior written notice, in accordance with Commissioner's Regulations, before the student's graduation from high school with a local or Regents diploma or before he/she receives an Individualized Education Program (IEP) diploma. If the student will be graduating with an IEP diploma, this prior written notice must indicate that the student continues to be eligible for a free appropriate public education until the end of the school year in which the student turns twenty-one (21) or until receipt of a regular high school diploma.

Recommendation for Declassification

If the student has been receiving special education services, but it is determined by CSE that the student no longer needs special education services and can be placed in a regular educational program on a full-time basis, the recommendation shall:

- a) Identify the declassification support services, if any, to be provided to the student; and/or the student's teachers; and
- b) Indicate the projected date of initiation of such services, the frequency of provision of such services, and the duration of these services, provided that such services shall not continue for more than one (1) year after the student enters the full-time regular education program.

Declassification Support Services

When appropriate, the District shall provide declassification support services to students who have moved from special education to a full-time regular educational program in accordance with the recommendation of the CSE.

Declassification support services means those services provided by persons appropriately certified pursuant to Part 80 of Commissioner's Regulations, or holding a valid teaching license in the appropriate area of service, to a student or the student's teacher to aid in the student's move from special education to full-time regular education, including:

- a) For the student, psychological services, social work services, speech and language improvement services, noncareer counseling, and other appropriate support services; and
- b) For the student's teacher, the assistance of a teacher aide or a teaching assistant, and consultation with appropriate personnel.

Procedural Safeguards Notice

The District shall use the procedural safeguards notice prescribed by the Commissioner of Education. The District will further ensure that the procedural safeguards notice is provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly

not feasible to do so. If the native language or other mode of communication of the parent is not a written language, the District shall take steps to ensure that the notice is translated orally or by other means to the parent in his/her native language or other mode of communication; that the parent understands the content of the notice; and that there is written evidence that all due process procedures, pursuant to law and/or regulation, have been met.

How Full is Your Bucket? Acts of Kindness Assembly

The Assembly

Two Options : Our Assembly can support & reference the Children's book
 "How Full is your Bucket" -- or -- Our Assembly can be
 a stand alone "Acts Of Kindness Assembly".

The Presentation The Bucket - We use a large Orange bucket to symbolize
 an invisible bucket that we all carry within us no matter where we go. And in a
 lighthearted Storytelling delivery, we share with the children how, when we are kind to
 others, when we do acts of kindness, we put good feelings into our invisible bucket of
 good feelings.

We Proceed to: 1. Stimulate children to think about - How do you feel when
 people treat you nice and are kind to you.

2. Together create a list of what we all can do everyday to create acts of kindness.
3. Talk about the importance of Good Manners and treating "everybody" with respect.
4. Excite Everyone to look for opportunities everyday to help others and be kind.

Activities: Our assembly uses Songs (I'm a Bucket Filler, Treat People Right, When You're Kind) , our Award-winning Drumming-----Student Drum Bucket band "On Stage", ----- our Student Power of a Smile/Act of kindness demonstration, -----
 - Student Cultural Diversity Drum Band, ----- the Amazing Hip Pickles Electro Bucket Performance

AND.... The Powerful and unforgettable
 Student Bucket filling Ceremony

And MORE! call for more details.
